FAQs

All this for just photos/videos? Like seriously?

No, you are not paying for just photos/videos; you are paying for an experience; you're paying for something unique; and ultimately you're paying so we can create a work of art for your wedding. Our weddings come optionally with a photo-book, and that in itself makes your wedding awesomely unique! While our prices might possibly be above some budgets for photography/videography [in Ghana] our services are worth every pesewa invested.

What is a photostory album?

We preserve the visual sentiments of your special day in an album of the finest quality; the Photostory album is a photobook of uniquely chosen photos beautifully arranged to tell your story. To ensure a high print quality and finish, all albums are printed from a reputable print firm and shipped to all locations. This is a work of art that will preserve memories of your day for many years.

What is a Themed Shoot session?

A themed story session is a specialized photoshoot of the couple around a pre-discussed theme. As part of your photography experience, you get to create great photos that tell the story of your unique and beautiful relationship. This requires allocation of at least an hour block of time in plans for the day. It's a fun fast-paced shoot session mixing formal bride's shoot, groom's shoot, casual, and intimate shots of couple into one beautiful experience. You get to have diverse photos taking advantage of different backgrounds and shot candidly. Bottom line: this is a great way to capture your unique story. Most couples do this for their pre-wedding shoot, but it can also be done as a post-wedding shoot/honeymoon shoot. It is an enjoyable experience that will add colour and context to your love story

What is a Video Montage?

Long wedding videos are sometimes hard to watch, our video montage brings together the most exciting highlights of your day in motion video accompanied with beautifully processed images from your day culminating in a fun and easily rewatchable story that you can share with family and friends. Video Montages are usually under 25 minutes. Currently we do not provide full video coverage of events.

Our image montage is quite similar but consists only of the images from the day with no video content.

Ok, so how do I book your services?

1. Choose the package(s) you want, from the above as well as your preferred deliverables (e.g. prints, photobooks, etc) [if you have any special requests, kindly add those additional requests to your selected package] e.g.: engagement & wedding combo + video montage + photobook standard

2. Send your request to info@team1000words, with the date, time & location of the event. If we are available to shoot your event we will forward you the service agreements document; which includes the service charges and terms of service

3. Sign-off the service agreement and make a deposit of 25% to confirm booking for the proposed date.

FAQs

Do the packages come with Photobooks/Albums?

Yes, The prices of the packages have photobooks included. However if you want alternative options check out our Print Options section and make a change and the cost of the package will be altered for you.

Do you do weddings outside the Accra/Tema Metropolis?

Yes we do. For events outside the Accra/Tema metropolis we charge a transportation fee, and if it requires staying the night, the cost of accommodation will fall onto the client. Our transportation fees start from GHS 150 depending on the destination

When do I talk to/meet the photographer?

First things first. it is important to make your booking. Once the booking process is complete you will be assigned a photographer for your event and at that time you can meet them at our studio to discuss the specifics of the event.

Do you have any other services you provide except for Photography/Videography?

At the moment no. We do not offer any services aside from Photography and Videography. We can give suggestions for other vendors who can help you though.

How long does it take for me to get my pictures/videos?

On average it takes 4-6 working weeks from the date of your event to receive the images/video on a DVD. The DVD for images is not an image slideshow. For Photobooks it takes another 4-6 working weeks before the photobook is delivered. So in total from start to finish if you have ordered a photobook it takes between 2 and 3 months.

What happens when there is a change in prices?

For all clients who have completed the booking process and made the deposit, all agreed prices prevail. For prospective clients who have seen our rates and as yet have not made the deposit or completed the booking process the new rates will apply. All rates for all services provided can be changed at any time.

How many images are in the photobook?

Photobooks are uniquely designed for each event. There is no standard template and the number of pictures in each album is more dependant on the design of the photobook than on the size of the book. We can attempt to give you a rough estimate but these numbers vary widely according to the design of the book. For the Mini 50-100 for the Standard 200-400 for the Pro Plus its between 250 and 450.

How long do you stay for an event?

For the Events & Photo Shoots we work according to the time paid for. For engagements we do half days which can go up to 6 hours and for weddings we do full days which can go up to 12 hours. We usually try and stay to the end of any event but when there are long delays we reserve the right to leave at the appropriate time.
