## Live the Love

We marry our mastery of photography with zealous professionalism and lighthearted joviality to provide our clients with a heart warming, fun experience, and beautiful photos of worth-remembering memories.

A romantic couple in wedding attire about to kiss. The bride is on the left, wearing a white lace dress and a pearl hair accessory. The groom is on the right, wearing a white shirt, a dark bow tie, and glasses. They are both smiling and looking at each other.

## FAQs

### **All this for just photos/videos? Like seriously?**

No, you are not paying for just photos/videos; you are paying for an experience; you're paying for something unique; and ultimately you're paying so we can create a work of art for your wedding. Our weddings come optionally with a photo-book, and that in itself makes your wedding awesomely unique! While our prices might possibly be above some budgets for photography/videography [in Ghana] our services are worth every pesewa invested.

### **What is a Photobook?**

We preserve the visual sentiments of your special day in an album of the finest quality; the Photostory album is a photobook of uniquely chosen photos beautifully arranged to tell your story. To ensure a high print quality and finish, all albums are printed from a reputable print firm and shipped to all locations. This is a work of art that will preserve memories of your day for many years.

### **Do you do weddings outside the Accra/Tema Metropolis?**

Yes we do. For events outside the Accra/Tema metropolis we charge a transportation fee, and if it requires staying the night, the cost of accommodation will fall onto the client.

### **How long do you stay for an event?**

For the Events & Photo Shoots, we work according to the time in the package. If you require additional hours, they can be purchased at GHS 300 an hour for all packages, be it photos or videos.

### **How long does it take for me to get my pictures/videos?**

On average it takes 6-8 working weeks from the date of your event to receive the images/video on a customized drive or cloud storage via a link. For Photobooks it takes another 6-8 working weeks after the delivery of the images before the photobook is delivered. So in total from start to finish, if you have ordered a photobook it may take up to 3 months. The delivery periods are subject to our current workload and may vary depending. We always try to shorten the timelines for our clients but anything less than the agreed service duration is not guaranteed.

Please note that final delivery of images/videos is dependent on full payment of the agreed service charge.

## FAQs

### **When do I talk to/meet the photographer?**

First things first. It is important to make your booking. Once the booking process is complete, you will be assigned a photographer for your event and then you can meet them at our studio to discuss the specifics of the event.

### **What happens when there is a change in prices?**

For all clients who have completed the booking process and made the deposit, all agreed prices prevail. For prospective clients who have seen our rates and as yet have not made the deposit or completed the booking process, the new rates will apply. Please note that all rates for all services provided can be changed at any time.

### **Do all packages come with Prints/Photobooks/Albums?**

Yes & No. The prices of the stand-alone engagement and wedding packages do not have photobooks included. If you would like to have one, it needs to be added to your package. However the combo packages come with photobooks. If you want to order prints or frames, they need to be ordered separately.

### **What happens if my event stretches longer than planned?**

For events that have a duration longer than the agreed service duration for the event, our policy is to extend coverage for a maximum of 30 minutes free of charge. After that point the client will be prompted and will need to decide if the personnel on duty should stay. If they do, the stated hourly rate will apply for each hour after that point.

### **What happens after you deliver the images/video?**

After the final images are delivered to the client, the client is now responsible for them. After delivery and confirmation of receipt of the media, Team1000words is no longer liable for the storage of that media. We often try and keep final images/video but this is by no means guaranteed.

## FAQs

### **How many images are in the photobook?**

Photobooks are uniquely designed for each event. There is no standard template and the number of pictures in each album is more dependent on the design of the photobook than on the size of the book. But all things aside we are looking at a minimum of 100 images in a book, deluxe books may have 2 or more times that amount..

### **Do you have any other services you provide except for wedding Photography/Videography?**

Yes we do!. You can check out corporate/SME rate card for more information.

Hi! You have actually completed reading this FAQ, thanks a lot for your time and effort!

If you have any more questions, we will be happy to answer them, just give us a call or fire us an email :)

### **Ok, so how do I book your services?**

1. Choose the package(s) you want, from the above, as well as your preferred deliverables (e.g. prints, photobooks, etc.) If you have any special requests, kindly add those additional requests to your selected package e.g.: gold engagement photo package + silver wedding photo package
2. Send your request to [bookings@team1000words.com](mailto:bookings@team1000words.com), with the date, time & location of the event. If we are available to shoot your event, we will forward you the Service Agreement document; which includes the service charges and terms of service
3. Sign-off the service agreement and make a deposit of 50% to confirm booking and block off your date. The remaining 50% should be paid preferably before the date of the event.
